- **New streamlined format** brings print and online resources together

## About the 20th Anniversary Edition

*State Practice Materials: Annotated Bibliographies* is intended to provide legal information professionals and legal practitioners timely and relevant state-specific information about the legal sources available to conduct effective legal research in any given state. Legal resources are presented in state-specific annotated bibliographies which have been expertly curated by professional law librarians who actively work with legal information and/or have expertise in a state's legal literature. First published in 2001 with five states, the publication has expanded over the years to include 40 states. November 2021 marked the 20th anniversary of the publication. To celebrate this milestone, this update includes 21 updated or new state-specific bibliographies, all carefully researched and annotated by more than 30 legal information professionals. The 21 states included in this 20th Anniversary Edition feature a streamlined format that fully integrates online resources with print resources, thus grouping materials together by topic rather than by medium.

## About the Editor

Christina Glon is the Associate Law Librarian for Research Services at the MacMillan Law Library at Emory University. Prior to librarianship, Christina practiced transactional law in southwest Michigan, specializing in electronic discovery and litigation support, estate planning and probate administration, business and tax law, and real estate transactions. Christina teaches a variety of legal research courses and workshops including Health Law Research, National Security Law Research, and Technology in Legal Practice. Christina is active in local, regional, national, and international library organizations and has served as President of the Atlanta Law Libraries Association, a chapter of the American Association of Law Libraries, and as the Chair of the Local Planning Committee for the International Association of Law Libraries' 36th Annual Course on International Law and Legal Information held in Atlanta, Georgia. Christina often writes and presents on creating and teaching specialized advanced legal research courses and technology in legal practice.

Christina holds a JD from the University of Illinois College of Law, a Master of Library and Information Science from the University of Illinois School of Information Science, and a bachelor's degree from Purdue University.
