A wonderful complement to The Bluebook that makes it user-friendly.”  
—**American Reference Books Annual**

“The perfect walk through The Bluebook ...  
An invaluable aid.”  
—**Bowker's Publishing Preview**

*The Bluebook®: A Uniform System of Citation* is still the dominant authority on proper legal citation form. Unfortunately, this edition—like its predecessors—is complicated, picky, and long. You still need a cure for the “**Bluebook®** blues.” This *Guide* is designed to make your task of mastering *The Bluebook®* as easy and painless as possible. It helps alleviate the obstacles faced by students—and even lawyers—when using proper citation form. This text is designed as a how-to manual and takes a step-by-step approach to learning the basic skills of citation. It explains *The Bluebook®* rules, and information for each topic is found in one section rather than scattered throughout as in *The Bluebook*.

### Bluebook: A Uniform System of Citation, Twentieth Edition

For more than 80 years, law students, lawyers, scholars, judges, and other legal professionals have relied on *The Bluebook's* unique system of citation. This new edition retains the same basic approach to legal citation established by its predecessors. The layout has been updated to make information easier to access. Some citation forms have been expanded, elaborated upon, or modified from previous editions to reflect the ever-expanding range of authorities used in legal writing and to respond to suggestions from the legal community.
