THE FIRST ONE HUNDRED JUSTICES

Compiled by

William D. Bader & Roy M. Mersky

“a veritable goldmine . . . This book is a **must for anyone interested in the Court’s personalities, their biography, and their performance.”**

. . . Henry J. Abraham, James Hart Professor Emeritus—University of Virginia

“This is an outstanding work of reference that I will keep by my desk in chambers whenever there is a question about the Supreme Court of the United States.”

. . . Frank J. Williams, Chief Justice of the Supreme Court of Rhode Island

After years of diligent research, William Bader and Roy Mersky have completed *The First One Hundred Eight Justices*, a truly distinctive and historically significant work that examines every U.S. Supreme Court justice who has served since the Court’s 1789 inception.

Bader and Mersky provide a wealth of information on each justice, including occupational background, prior political affiliation, age and length of service, legal education, and family circumstances. While the book is valuable as a compendium of facts, it is also valuable in that it seeks to put the work of the Supreme Court justices in proper perspective.

In addition to the array of educational tables, *The First One Hundred Eight Justices* contains eight informative appendices and boldly endeavors to rate the justices, all while examining the usually limited (but sometimes considerable) role that politics has played in the functioning of the court. This work is indispensable for scholars of American government, legal professionals, and political scientists.
