

World Association for Medical Law Medicine and Law

**NOW available
through
Hein!**

Only complete archive available online

Hein is proud to announce that the Official Journal of the World Association for Medical Law, *Medicine and Law*, is now available through Hein's current content subscription model, including both online and print subscriptions.

The World Association for Medical Law was established in 1967. The purpose of the association is to encourage the study and discussion of health law, legal medicine and ethics, in order to benefit society and the advancement of human rights. The goal of the World Health Association for Medical Law is to further the study of the consequences in jurisprudence, legislation and ethics of developments in medicine, health care and related sciences.

About Medicine and Law: ISSN: 0723-1393

Medicine and Law is an international publication dealing with medico legal issues. The journal is comprised of original articles, court decisions, and legislation on topics including, medical law, forensic medicine, sexology and law, psychiatry and law, psychology and law, dentistry and law, nursing law, pharmaceutical law, medical ethics, clinical criminology, drugs, alcohol, child abuse, medical experimentation, genetic engineering, and many more!

The journal has been published for more than 30 years and all together includes more than 2,000 articles written by hundreds of experts from around the world. The journal has been listed by the renowned Kennedy Institute of Ethics as a "priority journal".

**This title is available via Hein & HeinOnline's Current Online
Subscription Model.**
